

TO ASSEMBLE

- 1 To assemble handle, line up **A** with rectangular opening on **B**. Insert **A** into **B** until you hear a click.

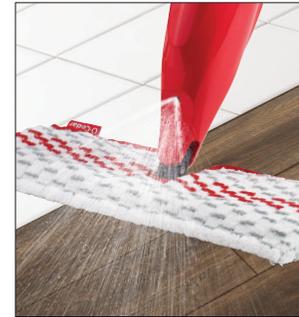

- 2 To attach handle to mop base, line up white arrow on handle **C** with grey section of mop base **D**. Insert **C** into **D**, making sure arrow on handle is aligned with mop base, until you hear a click.
- 3 Attach mop pad to mop base and make sure Velcro is secure.
- 4 Snap-on measuring cup included.

INSTRUCTIONS

To remove bottle from mop base, grip bottle and pull up towards top of mop handle. Fill bottle with water and insert into mop base. Optional: Use your favourite cleaning solution diluted with water as per the manufacturer's instructions. For use with common household floor cleaners only. Do not use undiluted cleaner, bleach or wax.

Spray and clean your floors. The microfibre pad is safe to use on wood, tile, laminate and linoleum.

TO WASH*

Machine or hand wash in warm water and lay flat to dry. Can be cleaned in the washing machine at up to 60°C
*Do not use fabric softeners or bleach.
Do not tumble dry.

Each mop pad is machine washable up to 200 times - so you can clean, wash and repeat!

The microfibre mop pad removes over 99% of bacteria with just water*

**Supported by research undertaken by an independent, accredited institute for microbiology & immunology. The test methodology included testing on 2 most common in home bacteria (E. coli and S. aureus) on hardwood floor & ceramic tile surfaces.
